Appear in an ancient battle with blades and shields in the most famous web games ever. War Stick: Heritage is now available on Android devices with impressive and addictive games. Order your troops to encroach on other territories, build your own fortress to defend from others, and control each character in your military in the All-out Attack of Stick War: Legacy.StoryThe games have impressive games with easy control. You will command male soldiers sticking in your quest to expand your territory and power. Be a king and lead your country to victory by joining the world of sticking men. You have the option to make your own military with different units, each with their own purpose. For example, you will have miners to find valuable gold mines, builders to make fortresses, and other military-related units such as archers, infantry, cavalry, etc. Your only goal? To destroy your enemies and become the greatest monarch ever seen by the land. Those who like to play strategy games will surely love the War Legacy Stick thanks to its strategy aspects. You need to build an empire from scratches, go on campaigns to gain more territory and property, experience aspects of real-life combat strategy, etc. Here are the features that definitely interest you:We all think of men sticking out as something really simple, which makes the idea of having two sticker soldiers fighting each other very fun and exciting in a certain way. But don't think of it as a simple battle between some stickers, you can have access to hundreds of different units on the large-scale battlefield. Additionally, you can choose to control any characters belonging to your military with manual control. Therefore, you can experience feeling as a soldier who fought in a huge battle of two soldiers. In addition, you can also reduce the injuries on your side wisely controlling your character. These units can be equipped with different weapons and items that can give them great help during the fighting. You can acquire these weapons through progress in your game and by buying it with your gold. During decisive battles, a bit of an edge in guns can be very important for your military snowballing towards victory. Goods also have their features, including leaf items, ice goods, lava items, savage items, and vamp items. By wearing leaves items, you will get a little boost in speed when compared to other items, however, your power will be reduced. For units wearing ice goods, their enemies and sometimes, freezing from the cold. Instead, lava items have huge volcanic power that burns your enemies and repels some of the damage back to them. Born of Chaos, Vamp's stuff makes your unit immune to poisonous damages and allows them to steal vitality from enemies. Moreover, the goods also unleash a powerful energy explosion over any enemy approaching. And finally, saving goods, savings, from the bones and skin of powerful animals, the goods give their wearer power extreme and resilient so they can charge into enemy lines such as savage warriors. And speaking of austerity items, you'll find them very useful when dealing with endless zombies swamps in endless Survivor mode. Your achievements will be calculated based on the number of nights you can afford to survive. Stand fast as you will receive an incredible gift at the end of your search. I always liked the way they told the stories in the Legacy of War Stick. Comic cinematic intro makes the game very exciting with their effective artistic style. In addition, they also do a good job of concluding the previous chapters and explain what happens at the next level. This allows players to pursue game progress while staying relaxed. Your main mission in single player mode is to expand your country to the lands around Inamorta where neighboring countries are always wage wars against others. Each tribe is equipped with their own technological and military style, choose the one that fits your style. Fast forward the map on your way to finding the legendary Crown of Inamorta and deliver peace to the ground, once and for all. If you download your Stick War games from Google Play, you may be interrupted by many ads and purchases in compulsory games. As a result, many players lose their interest in this fantastic game. For those who want to experience free games that don't require any extra purchases, you can access our website and find hacked Games Legacy War Sticks. But don't think of them as regular wooden men because they can be fierce heroes when they're on the battlefield. Apart from realistic aspects of strategy, the game provides large-scale battlefields with stunning weapons effects. In addition, during our tests, there was no significant miss as the game went quite smoothly. Every action in your game is described precisely with realistic sound effects. For example, you can hear the sound of your miners when he mines gold, or hear the sound of metal weapons crashing into each other on a tense battlefield. In addition, in every level of the game, there is also an intuitive audio track to improve your experience. With its wonderful features, the game is undoubtedly one of the best wooden war games available.
